

# 2024 NCHU × MICRON

## International Master Program in Semiconductor (All English-taught)

★ **Full tuition waiver and monthly stipend of NT\$10,000 (US\$310)**

### Program Description

The purpose of this international semiconductor program is to recruit young talent worldwide with a bachelor's degree in science and engineering. The program enriches semiconductor industry-related skills through systematic foundational courses, advanced courses, and internship education in semiconductors. The aim is to cultivate high-tech talent with professional knowledge, practical experience, and vision in semiconductor materials, processes, and industries.

### Admission

- ◆ Application Period: Now – May 20
- ◆ Intake Number: 10
- ◆ Eligibility: Have English proficiency at CEFR level B1 or above
- ◆ Online Application:  
<https://iss.nchu.edu.tw/target/>

### Course

- ◆ Graduation Credits: 30, including 16 required credits (of which 6 credits are for off-campus internships) and 14 elective credits
- ◆ Internship Agency: Micron Technology, Inc.
