Erasmus Student Network (ESN)

The prize-winning Erasmus Student Network at CTU in Prague offers a wide range of assistance to ensure that international students have the richest possible study and social experience in Prague. ESN “buddies” contact incoming international students before their arrival, and offer to meet them at the airport/railway station, and then help them to settle in. Problem-solving, excursions, parties and sports activities are only a part of the ESN programme during the semester.

Erasmus Student Network is a student organisation which provides support for the international community at the Czech Technical University in Prague. ESN integrates exchange students into life in the Czech Republic and into events at CTU. It also organises many events (trips, parties, sports, cultural events, language events and much more) as well as the Orientation Week and the Buddy programme.
