

CLERMONT INSTITUTE
OF TECHNOLOGY

#1 TECHNOLOGY HUB IN CENTRAL FRANCE!

Clermont Auvergne INP is a technological university consisting of three engineering schools. It is also the engineering center of the new University Clermont Auvergne and has been awarded the I-SITE label for scientific excellence (Science-Innovation-Territories-Economy Initiative) by the French government.

- **2500 students** in **3 engineering** graduate schools
- **250 PhD students** in **PhD programs**

- **Member of the INP Group - 1st in France** with more than 28.000 students in 36 public engineering schools nationwide

- **18% international students** (MSc.), **59% international PhD students**
- More than 500 outgoing students per year for international mobility

A wide range of disciplines in science and technology

Clermont Institute of Technology is an autonomous member of Clermont Auvergne University, ranking:

- 151-200th in the Times Young University Ranking
- 12th Nationwide in the NTU Ranking
- 18th Nationwide in the ARWU Ranking (Shanghai)

Clermont Auvergne INP takes advantage of the synergy of the complementary fields of expertise of its engineering schools and explores the interfaces to meet major technological, environmental, digital and societal challenges.

MEET OUR GRADUATE ENGINEERING SCHOOLS!

- Software & Embedded systems
- Software Engineering & Information Systems
- Robotics
- Network and Security
- Information Systems Management & Decision Support Systems
- Decision science, Data Science*
- Multi-disciplinary modules*

- Biological Engineering*
- Civil Engineering
- Electrical Engineering*
- Mathematical and Modelling Engineering
- Engineering Physics*
- Production Systems Engineering

*Study programs also available in English

- Mechanical Engineering*
- Materials Engineering*
- Industrial & Logistics Engineering
- Robotics*
- Fine Organic and Industrial Chemistry
- Materials Chemistry
- Chemical Engineering

EXCHANGE OPPORTUNITIES

FULL DEGREE EXCHANGE STUDIES

Duration: 1 semester to 2/3 years

Full degree and exchange in French (all areas) **Full degree & exchange in English**

- Mechanical Engineering / Robotics,
- Informatics,
- Materials Engineering,
- Physical Engineering

Exchange in English

- Civil Engineering
- Biological Engineering
- Electrical Engineering

All programs are graduate level

B.Sc. exchange students can enroll in MSc. programs

RESEARCH EXCHANGE LABORATORY INTERNSHIP

Duration: from 3 months to 1 year

- Working with a supervisor in one of our supervisor in one of our laboratories
- All research areas covered by Clermont Auvergne INP eligible
- Students register as exchange students and have the same benefits

SEMESTER DATES

- Academic year runs from September to July
- 1st semester - Fall - September to January
- 2nd semester - Spring - January to May
- Internship period - April/May to August

WELCOME TO CLERMONT-FERRAND! 🇫🇷

COST OF LIVING

- **National study fee** 91€ (not for exchange students)
- **Tuition fee*** 3770€
- **Housing:** 350€
- Food: 300€
- Transportation: 50€
- Student activities: 100€
- **Health Insurance:** Health care access and social security **free of charge** for all registered students

*Tuition waiver applies for partner universities

THE CITY

- 300.000 Inhabitants
- 35.000 Students
- Ranking of Clermont-Ferrand:
 - 6th most attractive city in France
 - Voted best city for studying for several years
 - Among one of the cheapest cities for students in France
 - Ranked 4th city in France for quality of life
